First in slip injury prevention products since 1993

Slips and falls on wet, dry or greasy surfaces are a major problem for industry, institutions, commercial establishments and residences. NO SKIDDING® PRODUCTS help solve these costly problems.

No Skidding® manufacture and distribute slip resistant products that increase the co-efficient of friction on all types of floors including ceramic, porcelain, natural stone, wood, painted, concrete, vinyl, metal, etc., indoors and outdoors. No Skidding® products can be used virtually anywhere slipping may be a problem. There's a product for almost every application for both wet and dry areas. Our products include the most comprehensive range of anti slip coatings, slip resistant safety tapes, anti slip treatments and slip resistant floor care products available in the industry.

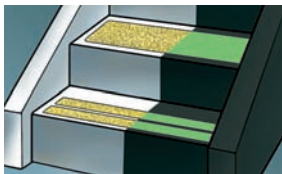

Our products include: **Slip Resistant Treatments • Anti Slip Safety Tapes • Anti Slip Floor Care Products • Non Skid Paint Coatings**

Anti Slip Safety Tapes for all surfaces and used throughout the world in thousands of applications including: OEM, property management, yachts and sailing vessels, military vehicles, Coast Guard Cutters, retail, industrial, commercial, institutional. Designed to avoid the risk of serious injuries caused by slips and falls.

We offer the most complete range of slip resistant floor safety tapes in the industry. Our anti slip safety tapes **Meet or Exceed:** OSHA Spec 1910.24 Stair tread, OSHA Spec 1910.26 Ladder Rungs, Military Spec Mil-D-17951E-Ships, Military Spec Mil-W-5044C-Type IV, Motor Vehicle Safety Standard #302.

Our anti slip tapes are all manufactured using the highest quality raw materials that result in a durable application that is resistant to heavy traffic, water and grease. Our tapes provide a consistent co-efficient of friction with easy installation and are suitable for industrial, commercial, institutional and residential applications. Anti Slip Paint Coatings: designed to help prevent potential slip accidents.

Pedestrian Grade Paint Coatings: Ideal for areas which receive normal foot traffic and intermittent vehicular traffic. Ideal for covering large areas. Economical water-based and solvent based coatings that create a slip resistant floor or deck surface. Use on concrete, wood and metal surfaces. Click here to read more information: http://www.noskidding.com/ns_127.htm#vehicular

Vehicular Grade Paint Coatings: Ideal for long-lasting coverage for loading docks, forklift traffic areas, garages, warehouses and ships. Heavy-duty coatings to stand up under heavier vehicular and foot traffic. Helps Prevent slips and skids, even on surfaces with oil, grease, steam and moisture. Anti Slip Treatments: Three distinct formulations to address slippery when wet surfaces on all unsealed hard mineral floor surfaces, including ceramic, porcelain, concrete, granite, terrazzo, quarry tile, etc. Our unique anti slip treatments dramatically improve the slip resistance of hard mineral floor materials when wet without noticeably altering the appearance of the floor. No Skidding® Anti Slip Treatments are sold in over fifty countries around the world and have offered a unique, scientific breakthrough in traction enhancement since their introduction in 1993. Anti Slip Floor Care Products:

No Skidding® Floor Care Products include a full range of premium electrostatic cleaners and degreasers, and slip resistant floor finishes.

Many of our cleaners are based upon electrostatic cleaning technology whereby our cleaners actually restore the ionic balance of the surface it is applied to making cleaning easier and faster. Thereafter, the surface will repel soils as if it were new. Products that clean and slip treat a multitude of surfaces at the same time.

Our slip resistant floor finishes are versatile enough to be used on many types of resilient and hard floors including natural stone, ceramic tile, wood, concrete, rubber,

VAT, VCT, lino and old vinyl asbestos tile. They are highly innovative, durable, scuff, scratch, black heel mark, and UV resistant. Simple, safe, extremely tough, highest quality, low end-user cost. They dramatically reduces time between re-coating. Click here to read more information: http://noskidding.com/ns_02.htm#floorcare

Custom applications and private label are our specialty. No Skidding's technical leadership and commitment to service and quality can add value to your existing product line. We provide high performance custom anti slip solutions.
